CONNECT Integrated Wi-Fi

Integrated LED Lighting

Durable Motor with
Soft Start and Stop Control

PRODUCT HIGHLIGHTS

Smart Garage Capabilities

- » **Security** – Instantly know if someone is operating your garage door without permission.
- » **Convenience** – Open your door for family members, deliveries or service providers from anywhere with your smart device.
- » **Safety** – Have garage door automatically close at a specific time or after an elapsed time period in case it's left open.

Durable, Reliable Performance

The strong 24 Volt DC motor operates most properly balanced residential sectional doors up to 10' high. Model G3120HL has an opening speed of 7.0" per second*.

Soft Start and Stop Control

DC technology allows your door to begin and end its movement smoothly instead of abruptly whenever you operate it, creating less noise and less wear on the door.

GenieSense™ Monitoring

Automatic force profiling and diagnostic technology improves safety by stopping operation when significant changes occur.

Dependability

The quality built into a Model G3120HL is backed by Limited Lifetime motor and Limited 15-Year belt drive rail Warranties^o (5-Year chain drive rail).

Integrated LED Lighting

Integrated LED lighting system provides bright, long-lasting, energy-efficient illumination designed to eliminate garage door opener remote interference.

Battery Backup Capable (Model G3120HL-B)

Don't get locked outside the garage when the power goes out! The optional battery unit can easily be added to your opener.

*+/- 0.5" per second for sectional doors.

^o Limited non-transferable warranty. See Programming, Operation and Maintenance manual for details.

Aladdin Connect® Integrated Wi-Fi connectivity

Remotely monitor and control your garage door from almost anywhere with your smart device. Time-based features allow you to set door to automatically close and/or notify after a set length of time; as well as schedule a specific hour and minute to close the door and/or notify when it does. Allows for multiple individual user accounts so you can provide virtual key access for your garage door to a friend, relative, or service person for a certain time, a range of time, or permanently.

FEATURES

Power and Control

DC Motor Smart Technology: The DC motor provides quiet operation with Soft Start and Stop control. Smooth operation reduces noise and wear on the garage door.

C-Channel Rail: Strong rail design promotes durability and safety with cleaner appearance.

Belt or Chain Drive: Select belt drive option for quieter operation or chain drive for economical value.

Safety and Security

Safe-T-Beam® Non-Contact

Reversing System: When objects pass through the infrared beam, the garage door automatically stops closing and reverses to open without having to make physical contact with the door.

Intellicode® Access Security System:

Prevents unauthorized remotes from controlling your door by changing code each time the opener is operated.

Sure-Lock™ Control: Lock out remote controls and wireless keypad at any time.

Convenience

Integrated LED Lighting:

High-efficiency, integrated LED lighting is frequency tuned not to interfere with transmitter range and provides bright, aesthetically pleasing light. Integrated lighting is designed for thousands of hours of maintenance-free use.

Patented Frequency Switching:

The opener automatically uses either 315 or 390 MHz frequency to avoid potential nearby interference, such as military base equipment, to help ensure the opener operates properly.

Pre-Programmed Remote: Ready to use out-of-the-box with simple steps to change the programming if needed.

HomeLink® and Car2U® Compatible:

Works with current and ALL previous versions of HomeLink® or Car2U®. No additional external repeater kit or compatibility bridge needed.

6' Power Cord: For high ceiling applications.

CALIFORNIA RESIDENTS – This opener has the option to add battery backup. As required by SB-969, all newly installed openers must have battery backup as of 7/1/19. To order this opener with battery backup, refer to Models G3120HL-B. If needed, visit www.geniecompany.com or ask your Genie dealer for details.
